

Payment Holidays and Restructuring

Payment holiday

A payment holiday lets you skip one monthly instalment. The skipped instalment is added to the end of your loan, which extends your term by one month.

You may be eligible if all of the following apply:

- Your loan has been active for at least 6 months
- You have missed no more than one instalment in the last 6 months
- You have not previously taken a payment holiday on this loan
- Your loan is not currently more than 30 days in arrears

An administration fee of **P150** applies. Only one payment holiday is allowed per loan.

How to apply: payment holidays must be approved by a customer service agent or your loan officer. Apply before your due date. The chat assistant cannot approve a payment holiday.

Financial hardship and restructuring

If you are struggling to pay because of job loss, illness, a death in the family or a fall in business income, please tell us as early as possible. We may be able to restructure your loan by extending the term or reducing your instalments.

Restructuring requires an assessment by a customer service agent, who will ask about your circumstances and may request supporting documents. Restructuring may affect your credit record.
